REMOTE DEPOSIT ANYWHERE

As a community bank that has been around since 1870, we love to see our customers faces at one of our 9 office locations. But we are customers too and we know it is not always possible to get to the bank. That's why we love using our mobile banking app for banking on the go. With our newest feature, **Remote Deposit Anywhere**, you can now deposit a check with a few clicks on your smartphone or tablet. Mobile banking is free with any personal checking account.
